

# MG SAFETY SERVICES

Health & Safety, Quality & Environmental Consultants

## ENVIRONMENTAL POLICY STATEMENT

MG Safety Services, have examined our environmental performance and identified the areas of our business activities and services which interact with the environment. We are committed to responsibly managing these aspects of our business to avoid, reduce or control pollution and will continually improve on environmental performances in these areas. Accordingly, we have adopted the following policy that provides a framework for setting and reviewing our environmental objectives and targets. The company will:

- Comply with all applicable environmental legal and other requirements. Management will be aware of current and forthcoming laws, anticipating the consequent changes to the business, to ensure any changes are phased-in cost-effectively.
- Adopt sound environmental management practices which meet or exceed legislative requirements, including identifying opportunities for improved waste management practices.
- Co-operate with authorities charged with regulatory and monitoring roles, and developing positive links with such bodies in order to demonstrate concern for the environment.
- Work with our suppliers, sub-contractors, and clients to improve our overall environmental performance and wherever feasible influence them to do likewise.
- Keep abreast of current good practice for the industry, to ensure processes and practices are adopted which cause least harm to the environment, and opportunities for continual improvements are identified and implemented.
- Train, inform and instruct staff in environmental management policies and procedures.

We will monitor and report our success in achieving specific objectives and targets made in respect to the above and review this annually and continually improve our environmental standards. We will acknowledge, respond appropriately and take into account of the views of the public and any other interested parties with respect to our operations and make this environmental policy available to them.

This Environmental Policy is publicly available and has been approved and authorised by:
